Interactive Marketing Solutions

Application Development

Building Better Applications Since 1998.

# CUSTOMIZED SOLUTIONS BOOST PR

Getting the job done better, faster and more efficiently sometimes requires built applications that serve the specific needs of your business. MPC Studios asks dilemmas, break through the log jams and get your systems [and people] humming. Productivity delivers its own value and return on investment.

# Application Development

## Stop the Waste:

Solving everyday problems with custom applications - wasted time, wasted paper, and wasted comm

### Lab Advisory Bureau

Now labs from around the world can submit test results easily and securely and process those results with custom analytical tools that provide rapid, reliable answers.

[www.labadvisory.com](http://www.labadvisory.com)

### American Association of Bioanalysts

The goal was to eliminate disjointed paper record-keeping across multiple labs by designing a secure, redundant system that reduces errors and increases efficiency.

**CUSTOM APPLICATION DEVELOPMENT GENERATES CUSTOMIZED PRODUCTIVITY**

# PRODUCTIVITY

...ding customized software or web  
...the right questions to solve your  
...ing. The immediate boost in

# opment

...ations streamlines processes and eliminates waste  
...unication – not to mention wasted money.

## Knapp Medical Center Intranet

This custom-designed communication platform allows for single log-in capability, a secure employee directory and Board area and updatable department sections.

## Streamer Web

ABC affiliates across the nation can now easily insert local advertising into national streaming programming on ABC.com and receive accurate media placement reporting.
